

SITE FURNISHINGS

WHY CHOOSE RPI LUMBER?

Superior Durability

RPI Lumber is engineered for outstanding durability, resisting wear and tear from weather, moisture, and UV exposure. Ideal for outdoor site furnishings, it maintains its appearance and integrity for years, reducing the need for replacements.

Low-Maintenance, High Appeal

Our poly lumber requires minimal maintenance, does not need painting or sealing, and is easy to clean. This low-upkeep material, combined with its aesthetic appeal, makes it an attractive choice for outdoor furnishings, ensuring customer satisfaction.

Variety of Colors

Choose from a wide range of vibrant and natural colors to match your design aesthetic and meet customer preferences.

Sustainable Materials

Crafted from recyclable materials, our poly lumber not only delivers exceptional quality but also contributes to a closed-loop, sustainable manufacturing process.

KEY FEATURES

- High-Quality Materials
- Customizable Colors
- Weather-Resistant
- UV Protected
- Recyclable

ELEVATE YOUR SITE FURNISHINGS WITH PREMIUM POLY LUMBER

At RPI, we pride ourselves on being your reliable and innovative partner in the site furnishings industry.

Here's why choosing us means seamless collaboration and unmatched innovation. ►

True Partnership

When you choose to work with us, it's more than just a supplier relationship; it's a true partnership. We are committed to understanding and supporting your business goals, collaborating closely to ensure our poly lumber solutions not only meet but exceed your expectations. Our success is directly tied to yours, and we strive to grow together in this dynamic industry.

Short Lead Times

We understand the importance of timely deliveries. Our streamlined processes and efficient production allow us to offer short lead times without compromising on quality.

Custom Solutions

Your vision is unique, and we're here to bring it to life. We offer a wide range of customization options in terms of colors, textures, and sizes. This allows your designs to be unique and innovative, ensuring your products stand out in the market.

Flexibility and Adaptability

We embrace challenges and thrive on finding creative solutions. Our agile approach means we can quickly adapt to your changing needs, providing unparalleled flexibility in the manufacturing process and ensuring your specific creative and functional needs are met.
