**THE RUSTIC COLLECTION**  
YOUR VISION, OUR PASSION

# The Natural Beauty of Rustic

Our rustic color collection includes unique, variegated patterns that create a beautiful natural aesthetic. Expand your product offerings with this compelling new solution that is distinct from our range of solid colors.

## A Wide Variety of Colors

## Just Like Real Wood, but Better

Like regular lumber, our material can be fabricated with everything from standard tools to CNC machines. However, our material lasts longer and is easier to maintain. Where natural wood faces degradation from the elements, our poly lumber is weatherproof, extremely durable and never needs to be painted.

## Broad Range of Profiles

Our rustic colors are available in nearly all our standard dimensional lumber profiles. Reach out to our sales team for more information and request samples today.

## Consistent Pattern Throughout

Our distinct variegated pattern runs consistently throughout the entire board. We ensure a natural appearance regardless of how the board is cut or routed. This consistency makes it an excellent choice for outdoor furniture and site amenities.

# The Finishing Touch. Optional Embossing

Bring your vision to life with texture. While beautiful in their own right, our rustic colors can be combined with our signature embossing patterns for a real wood-look that is like no other.

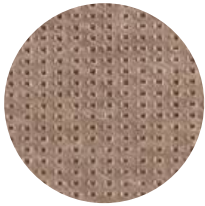

## FINISHES

Standard

Woodgrain

Knurled

Riftgrain

**If you don't find the color or finish you are looking for, please reach out to us for a custom solution tailored to your needs.**
